## THE WORLD'S FINEST GUNLEATHER HOLSTERS AND ACCESSORIES

BIANCHI

Recognized by shooting enthusiasts and professionals the world over, the Bianchi® hallmarks of handcrafted workmanship, innovative yet functional design and quality are just as strong today as they were more than 50 years ago. From the early days in 1958 when John Bianchi built his first leather holster in his garage to present day, the focus remains on providing our customers with the best combination of innovation and handcrafted, time-tested designs.

# BIANCHI® MATERIALS AND TECHNOLOGY

Bianchi® offers a variety of materials to meet the needs of those who use our products. From AccuMold® ballistic weave to leather and leather/laminate combinations, Bianchi has a material that works for you. Our premium grade full grain leather and ballistic weave fabrics are long lasting, durable, and offer the professional look desired by law enforcement and sports enthusiasts alike.

## AccuMold®

A state-of-the art molded synthetic nylon product constructed from our trilaminate material, made up of a ballistic weave outer fabric, a firm, high-density closed-cell foam center; and a smooth Coptex™ lining. All AccuMold® gear is contour molded to precisely fit the gear it was designed to carry.

## AccuMold® Elite™

We've taken our patented AccuMold technology and dressed it up. The AccuMold® Elite™ line offers the same construction of AccuMold, but with a Duraskin™ outer material that looks amazingly like leather. You can't tell the difference until you pick it up and see that it's almost half the weight of leather.

## PatrolTek™

PatrolTek™ duty belts and accessories are made using our molded trilaminate technology but at a price to meet the demands of ever-tightening budgets. Now you don't have to give up function and wear to get duty gear at a great price.

**ACCUMOLD**

## Pinch® Retention Device – PRD™

Our exclusive PRD is formed of a high strength polymer. When the weapon is firmly seated in the holster, the PRD grips the trigger guard, holding the weapon in place until you're ready to draw.

## FingerLok™ Retention

The FingerLok™ device provides Auto Retention™ when the weapon is holstered, and is released by sweeping the device with the middle finger when drawing.

PATENTED

PATENTED

## ErgoTek™ Duty Belts

Bianchi ErgoTek™ duty belts redistribute the weight of the duty gear, away from the edges of the belt and over its wide closed-cell foam cushioned surface. For even more stability and added holster support, a high-density internal polymer stiffener runs the full length and width of belt. You'll notice immediately that the ErgoTek belt is both light in weight and far more comfortable than a traditional duty belt. Plus, these belts are lined with hook to work in conjunction with the Bianchi 7205 Liner Belt.

# BIANCHI® TECHNOLOGY

Design, function, security, and comfort have always been at the forefront when developing new Bianchi products. Our research and development team continually focuses on new materials and new technologies to offer the best in the industry.

## Bianchi GunLeather®

Many people love traditional leather. It wears beautifully, and nothing quite smells or feels the same. Bianchi leather is full grain cowhide – the best available. We choose different weights based on the product requirements, handcrafting and molding it to perfection the old-fashioned way, by not cutting corners.

## Dual Belt Loop

Bianchi offers its most popular duty accessories with a uniquely designed belt loop that allows for snug carry on either a 2" (50mm) duty belt or 2.25" (58mm) duty belt. This feature is available on both our top end AccuMold® & AccuMold® Elite™ accessory lines, as well as our PatrolTek™ accessory line.

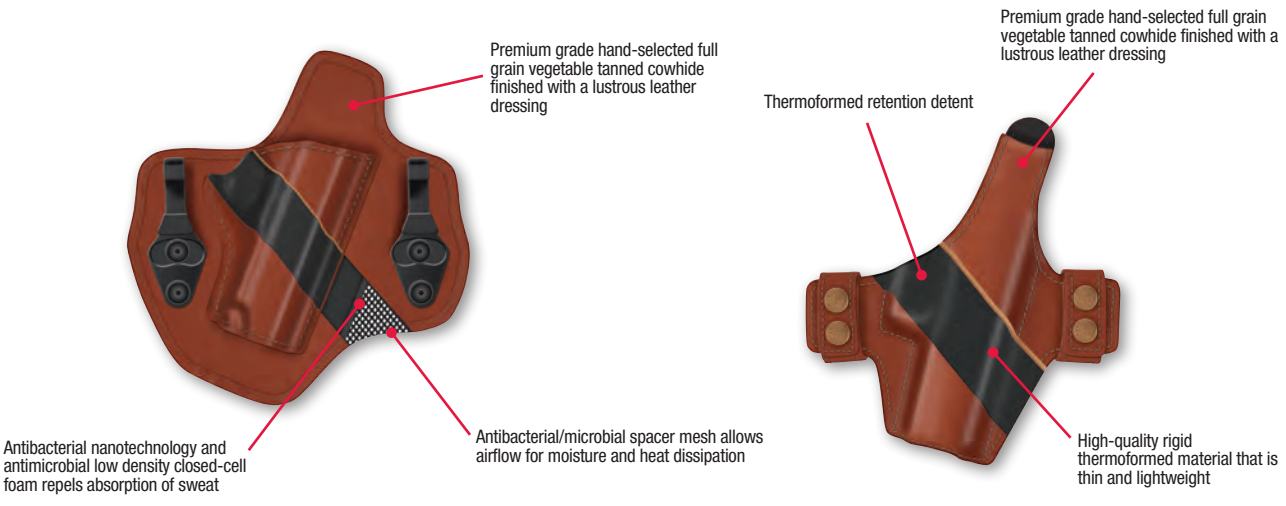
---

ALLUSION™

## Allusion™ Series

The Bianchi® Allusion™ series brings you the best of leather and synthetic materials for superior performance and good looks. We start out with a thermo-formed, synthetic shell precisely formed to the firearm. Then we wrap it with our premium grade, full grain, vegetable-tanned cowhide and give it our finishing touches, including burnished edges and our leather finish that gives the holster that distinctive leather look and smell. With the Allusion series, we are also able to add features not typically found with leather-only construction, such as our retention detent and smooth draw and re-holstering.

The Allusion series perfectly matches tradition and cutting edge technology bringing leather holsters into the 21st century.



# DUTY HOLSTERS

Bianchi® offers a variety of materials to meet the needs of those who use our products. From AccuMold® ballistic weave to leather and leather/laminate combinations, Bianchi has a material that works for you. Our premium grade full grain leather and ballistic weave fabrics are long lasting, durable, and offer the professional look desired by law enforcement and sports enthusiasts alike.

AccuMold®

## 7105
**// CRUISER™ DUTY HOLSTER**

- A hi-ride duty holster that positions pistol close to the body
- Top-draw design
- Made with 50% greater density foam than standard civilian AccuMold® holsters, for firmness and strength
- Unique Coptex™ inner lining helps protect gun finish and provides a smooth draw
- Quick-Slide™ injection-molded belt loop fits up to 2.25" (58mm) belts
- Available in Black Ballistic Weave finish

AccuMold®

## 7120
**// DEFENDER® DUTY HOLSTER**

- Top-draw holster with mid-ride and traditional metal reinforced thumb snap closure
- Pinch® Retention Device (PRD™) enhances firearm retention by gripping the pistol's trigger guard
- Unique Coptex™ inner lining helps protect gun finish and provides a smooth draw
- Metal reinforced 2.25" (58mm) jacket slot belt loop, curved for comfort
- Available in Black Ballistic Weave finish

AccuMold® Elite™

## 7920
**// DEFENDER® II DUTY HOLSTER**

- Top draw holster with mid-ride carry and metal reinforced thumb snap closure
- Contour molded, trilaminate construction with 50% greater density foam than civilian AccuMold® holsters
- Internal Pinch® retention device grips the pistol's trigger guard
- Soft Coptex™ poly-knit inner lining
- Metal reinforced 2.25" (58mm) jacket slot belt loop, curved for comfort
- Available in Plain Black, Basketweave Black and Hi Gloss Duraskin™ finish

AccuMold®

## 7115
**// VANGUARD™ DUTY HOLSTER**

- Straight drop duty holster with mid-ride and top draw Molded internal Tension™ Strips
- Contour-molded, trilaminate construction with 50% greater density foam than civilian AccuMold® holsters
- Metal reinforced thumb snap closure
- Soft Coptex™ poly-knit inner lining
- Metal reinforced 2.25" (58mm) jacket slot belt loop, curved for comfort
- Available in Black Ballistic Weave finish

# DUTY BELTS

Today's officers carry a lot of equipment on their duty belts, often more than twenty pounds. That's why Bianchi® offers some of the most comfortable, functional, and professional duty belts available. Equipment belts are constructed with either 4-part or 5-part laminate for long-lasting shape and exceptional durability. Four-part laminate features a firm polyethylene center strip sandwiched between a high-density, closed-cell foam, with a durable nylon lining, and either a weave or Duraskin™ exterior depending on the model. Belts with buckles feature the Tri-Release™ or Cop-Lok - both are polymer, shatter-resistant buckles with a 3-point release for added security.

## 7200// DUTY BELT 2.25" (58mm)

- Five-part laminate construction
- Ballistic weave fabric exterior with loop lining
- Cop-Lok buckle

## 7210// DUTY BELT 2" (50mm)

- Five-part laminate construction
- Ballistic weave fabric exterior with loop lining
- Tri-Release™ buckle

## 7203// NYLON DUTY BELT - HOOK 2.25" (58MM)

- Five-part laminate construction
- Ballistic weave fabric exterior with hook lining
- Cop-Lok buckle

PATENTED

## 7220// DUTY BELT 2" (50mm)

- Ballistic weave nylon with full-length hook lining
- Both ends are skived, allowing a lower profile around the buckle
- Cop-Lok buckle

PATENTED

## 7225// ERGOTEK™ DUTY BELT 2.25" (58mm)

- Five-part laminate construction
- Load support cushions on inner lining distribute weight of duty belt over entire waist for comfort during the entire shift
- Ballistic weave fabric with loop lining for use with Bianchi® 7205 Liner Belt
- Accepts standard holsters and pouches
- Cop-Lok buckle

## 7235// DUTY BELT SYSTEM 2.25" (58mm)

- Five-part laminate construction
- Ballistic weave fabric exterior with loop lining
- Includes duty belt, liner, and 4 attached keepers
- Cop-Lok buckle

## 7950// DUTY BELT 2.25" (58mm)

- Four-part laminate construction

# DUTY POUCHES

AccuMold® Elite™

- Lightweight – up to 50% lighter than leather in most applications
- More affordable than leather
- Improved comfort translates into better officer performance in the field
- Same beautiful look as leather – the crisp, professional appearance of premium leather without the weight, maintenance and cost
- Reinforced hidden snap closure unless specified otherwise
- Abrasion-resistant – exhibits a high level of resistance to the daily knocks, scuffs and abrasions of duty use
- Easily cleaned with only mild soap and water. Bio-safe: washing with disinfectant soap or bleach solution will handle contamination problems. Great for correctional institution duty
- All molded accessories feature the dual belt loop to fit both 2" (50mm) and 2.25" (58mm) widths unless otherwise noted

## BIANCHI® RANGER™ SPORTING SERIES

The Bianchi Ranger Sporting Series was developed to meet the versatile needs of shooting enthusiasts and those who carry for personal defense at a significant savings compared to other premium brands. The holsters in this product line were engineered for function, utility and comfort. Bianchi craftsmanship and materials come together with the Ranger Sporting Series.

- 600-denier ballistic weave exterior for abrasion-resistance
- Trilaminate construction with closed-cell foam center to help protect the firearm
- Lightweight and weatherproof
- Multiple handgun fits per holster size
- Easily cleaned with soap and water

## ALLUSION™ HOLSTERS

The Bianchi® Allusion series brings you the best of leather and synthetic materials for superior performance and good looks. We start out with a thermo-formed, synthetic shell precisely formed to the firearm. Then we wrap it with our premium grade Bianchi Gunleather® and give it our finishing touches, including burnished edges and our leather finish. The Allusion series perfectly matches tradition and cutting edge technology. Key design features include:

- Premium full grain leather exterior with a laminate synthetic liner for a smooth draw and long lasting wear
- Low-profile, contoured body-hugging designs
- Holster covers muzzle of gun, protecting handgun and clothing
- Available in Plain Tan or Plain Black finish (most models)

SEE PAGES 134 FOR OTHER MODELS IN THE ALLUSION SERIES

## BELTSLIDE

### 140

# BIANCHI® COWBOY

Revisit the handcrafted glory of the Old West with our line of cowboy gear and enjoy the quality of our world-famous genuine leather holsters and belts. We use only premium grade, full grain, vegetable-tanned cowhide – the highest quality, most expensive leather. Developed and used by the world-class shooters of Team Bianchi, this is authentic cowboy gear that was designed to perform both in and out of the arena. Above all, it carries the legendary name Bianchi® and is designed and produced in America. See our website for more information on these rigs.

## KENDA LENSEIGNE SIGNATURE SERIES RIGS FEATURE:

- A hidden tension adjustment to provide a customized smooth draw during mounted shooting and a weight lifter style elongated back for support
- Strongside holster provides 10˚ cant, cross draw 20˚
